Subject: Reclamation Surety Requirement, H & H Stone, Little Indian Quarry, S0370117, San Juan County, Utah

Dear Messrs. Holley:

By letter dated September 27, 2006, the Division notified you that reclamation at the Little Indian Quarry was not complete. This same letter said the Division would waive the requirement for posting a reclamation surety if reclamation was completed by December 1, 2006.

Division inspector Paul Baker visited the site on June 1, 2007, and found that no additional reclamation work had been performed. A copy of the inspection report was previously sent to you. The Division requires that you submit a reclamation surety in the amount of \$3500.00. This amount is based on a verbal estimate from a local contractor. You must also submit a reclamation contract.

The surety can be submitted in the form of a certificate of deposit, cash (certified funds), a letter or credit, or a corporate surety. Please contact the Division's bonding coordinator, Jed Pearson for information on submitting the surety. He can be reached at 801-538-5382 or by e mail at bondcoordinator@utah.gov.

Please submit the surety no later than August 1, 2007. Failure to do so may result in issuance of a cessation order and a fine.

If you have questions about these requirements, please contact me at 801-538-5325 or Paul Baker at 801-538-5261. Thank you for your cooperation.

Sincerely,

Daron R. Haddock
Permit Supervisor
